The Body of Christ

... in our Worshipping

... in our Pastors

Rev. F. Thomas Lallak

Dear Parishioners:

We are the Body of Christ. That image is very appropriate for us. St. Paul tells us that all the parts of a body work together to build up the entire body and certainly that is what the Body of Christ does. There is no part that is without honor or importance, for Christ loves us as His own body.

It is Christ's love for us that makes us a body and gives us the life of the Spirit. It is Christ's love for us that holds us together and makes us one. It is Christ's love for us that spills over in service within the Body and to those outside.

Pictorial Directories are important as they help us recognize other members of the body of Christ. They are especially important for a growing parish such as ours. They help newcomers in the parish get to know their new friends in the Body of Christ. They help all of us identify people we see in church, either in the pews or those ministering such as Eucharistic Ministers, Usher, Lectors, Singers, etc.

I am extremely happy that you cooperated in this very worthwhile venture and I thank you for that cooperation. I hope that you will enjoy this book.

I pray that we will continue to allow the Body of Christ to grow and that all of us will continue to identify with Christ.

In Christ,

Fr. Tom
